Mark D. LaDouce, PE  
General Manager  
John E. Dunlavy  
Treasurer  
Kathleen M. Amisano  
Secretary

December 15, 2011

To Elmira Water Board Customers:

The Elmira Water Board recognizes its fiduciary responsibility to the customers it serves and its duty to maintain the water system for present and future customers. To facilitate these obligations, the Board finds it necessary to incorporate a rate increase; residential, commercial, and industrial customer rates will be increased by \$.40 (40 cents) a unit. This increase is effective on all bills mailed on or after February 23, 2012. The increase will ensure the continuation of necessary infrastructure improvements and cover increased operating costs.

Presently, the average annual residential water charge is \$290.05 (approximately 56,353 gallons of water) for customers. Depending on the water usage of the customer, this rate adjustment will increase the average annual residential cost by approximately \$30.00 a year.

## **Water Rates & Information**

### **Effective February 23, 2012**

#### Residential/Commercial Customers

#### Billed Bi-Monthly

#### In Units of 100 Cubic Feet / Minimum Bill 6 Units
